The workshop starts each day at 9:30am, with a 30 minute period for everyone to arrive and get settled from 9am to 9:30. A 90 minute lunch break will be provided to allow time to get something to eat plus for sending a few quick emails if needed. We will have wireless available in the office for you to use.

Day 1 will start with a brief presentation, with most of the day spent demonstrating and discussing our software and how to maximize its effectiveness for your application.

Day 2 will be more hands-on with each attendee following along on a workstation. It is recommended that you bring your own laptop computer but if needed we should be able to provide enough workstations for everyone.

BYOD means “bring your own data”. This will be an opportunity for users to see their data processed with Perspective and ask any questions they may have.
